

Public Notice

Due to the dry season, Bumbuna hydro operates at less than a quarter of its peak capacity, limiting EDSA's electricity supply.

EDSA currently receives electricity from Bumbuna, Karpower and EGTC's Kingdom generators. Generators at Blackhall Road are also undergoing repairs and will be available in the coming months.

As a result, EDSA can only meet 65% of peak demand in the Western Area and will implement load shedding. Hospitals and strategic areas will be prioritized, and no customer will go without electricity for more than 72 hours.

For full information, please download the load-shedding schedule PDF file.

DAYTIME ELECTRICITY SUPPLY (6:00AM – 6:00PM)

Central Business District (CBD) -

Let us know if you need help!

Any customer without electricity supply for a continuous 72 hrs in areas where faults have not been announced should call any of these EDSA Phone Numbers:

- 033033546
- 073280504

In case of a fault within your vicinity, please **call 672**.

EDSA advises customers not to encourage or entice its staff to change the shedding programme to their advantage. EDSA will take strict disciplinary action against any staff caught doing such.
